

DEVELOPING THE CHATBOT

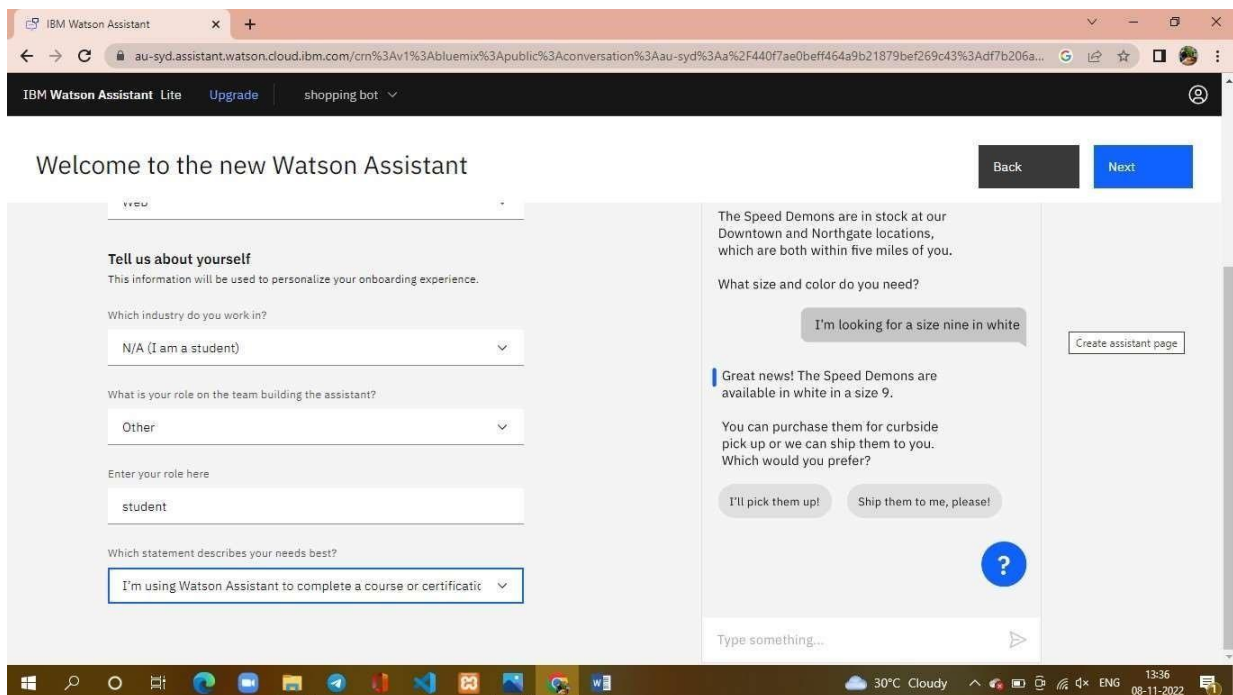

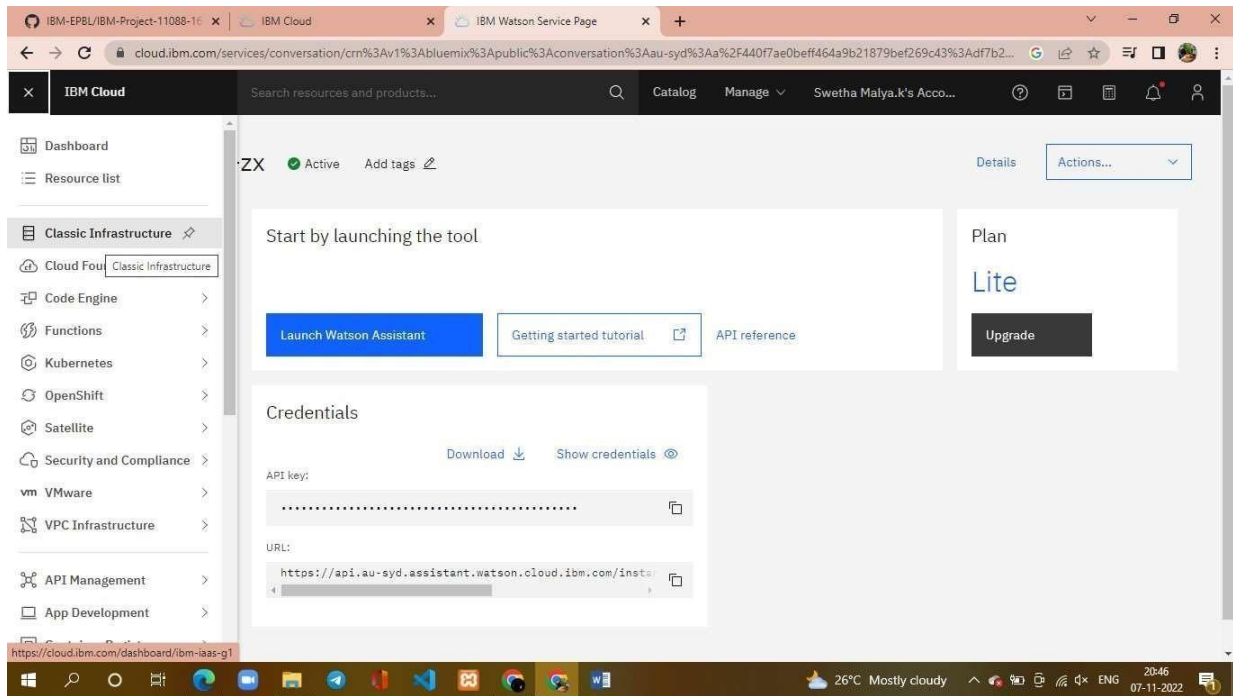

Team ID: PNT2022TMID15175

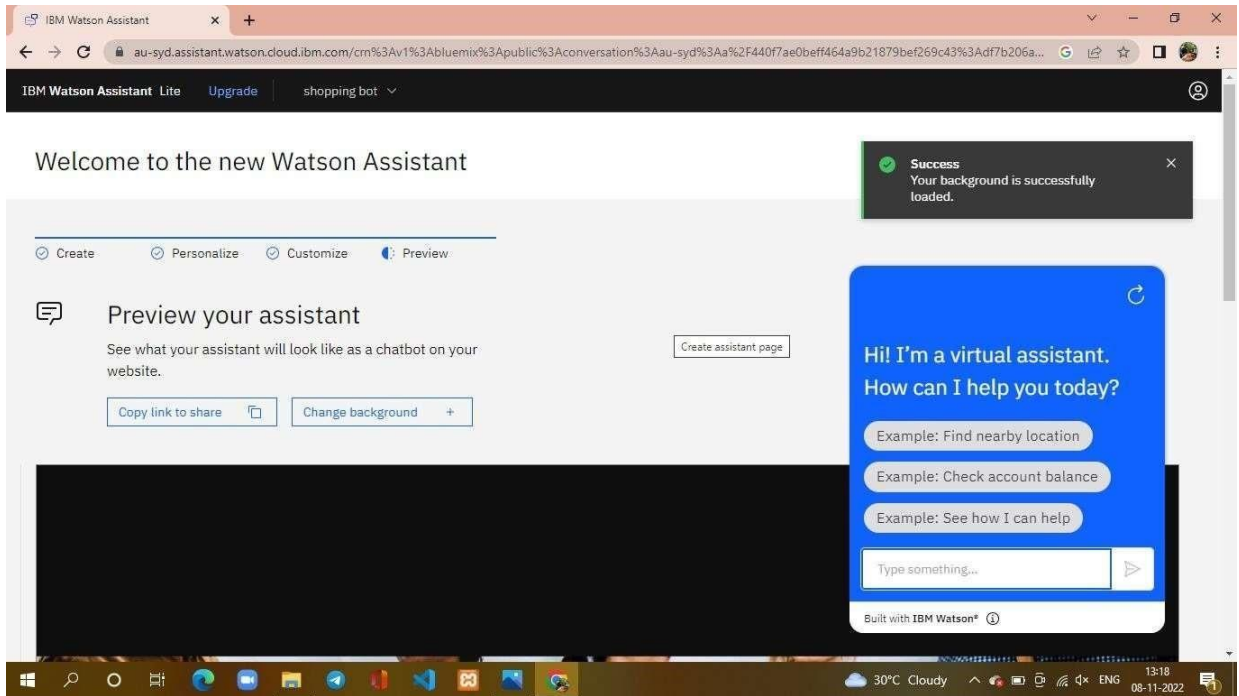

Project Name: Skill and Jobs Recommender Application

The screenshot shows the IBM Cloud Watson Assistant service page. The browser address bar displays 'cloud.ibm.com/catalog/services/watson-assistant'. The page header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and a user profile 'Swetha Malya.k's Acco...'. The main content area is titled 'Watson Assistant' and describes it as a service to build conversational interfaces. It features two tabs: 'Create' (selected) and 'About'. On the left, a sidebar lists service details: Type (Service), Provider (IBM), Last updated (11/02/2022), Category (AI / Machine Learning), Compliance (EU Supported, HIPAA Enabled, IAM-enabled), and Location (Sydney, Frankfurt). The 'Create' tab is divided into 'Select a location' (with a dropdown menu showing 'Sydney (au-syd)') and 'Select a pricing plan'. Below this, a table lists the available plans:

Plan	Features	Pricing
Lite	Everything you need to get started, free for as long as you need it Up to 1,000 unique monthly active users (MAUs) chatting with your assistant Up to 10,000 messages per month --- Features --- - World-class conversational AI with Watson	Free

On the right, a 'Summary' panel shows the service name 'Watson Assistant', location 'Sydney', plan 'Lite', service name 'Watson Assistant-lz', and resource group 'Default'. It also includes a checkbox for 'I have read and agree to the following license agreements:' with a link to 'Terms', and two buttons: 'Create' and 'Add to estimate'.
